Let me thank you for the letter sent on 8 March to the EU Delegation, informing us about the concerns as regards the implementation of the Copy Right Law in Albania.

The European Commission attaches particular importance to the protection of copyright and as such follows developments in this area in Albania closely, in particular the recent adoption of the new Copyright Law and the establishment of the Market Surveillance Inspectorate.

We commend your efforts concerning the fight against piracy in Albania and the implementation of the Copy Right Law, and encourage you to remain committed to the importance of law enforcement in this area.

Yours sincerely,

JAN RUDOLPH
